SUCCESS

Server Error

**201 CREATED** ... New thing made!

**202 ACCEPTED** ... Got it! Working on it.

**204 NO CONTENT** ... No response needed

- 500 Internal Server Error** - Oops. My bad.
  - Mixed signals.
  - Taking a break.
  - The server snoozed.
  - No access without a pass!
- 502 Bad Gateway**
- 503 Service Unavailable**
- 504 Gateway Timeout**
- 511 Network Authentication Required**

## Redirection

**301 Moved Permanently**

We've relocated!

**302 Found**

Look over there!

**304 Not Modified**

Nothing's changed.

## CLIENT ERROR CODES

~~~ The Code-o-Mart ~~~

**400 Bad Request**

| What did you  
| just send?!

**401 Unauthorized**

| Who are you  
| again?

**403 Forbidden**

| You can't sit  
| with us!

**404 Not Found**

| It's gone.  
| Poof!

**405 Method Not Allowed**

| You can't do  
| that!

**408 Request Timeout**

| Too slow,  
| buddy.

**409 Conflict**

| Drama alert!

**410 Gone**

| It left  
| forever.

**418 I'm a Teapot**

| I'm a teapot,  
| not a server.

**429 Too Many Requests**

| Chill out!
